Welcome

We are quite pleased to have Ms. Angela Yolkowskie join us as CAO. She brings with her an incredible amount of local knowledge and municipal experience from her past employment.

Angela has moved into her role with an ease that has been quite remarkable. Her openness and approachability have been evident from the first. These characteristics and her knowledge of our community plus her employment experiences were things council sought when looking to fill the important position of CAO.

Council, staff and ratepayers join in welcoming Angela to our thriving, active and exciting municipality.

WASTE SITE CONSTRUCTION

The Township's Waste Conversion Project is well underway with construction scheduled for 2009. Watch for the upgrades to the Norway Lake Transfer Station. Griffith and Mt. St. Patrick sites will be converted to Transfer Stations. The Black Donald and Matawatchan Waste Sites are scheduled for closure in late 2009. These changes will provide a more user-friendly waste management service to our ratepayers. Thank you for your patience in 2009 during construction.
